Public Works let the Roadway Storm Sewer Improvements Autumn Drive & Woodridge Drive project and received eight (8) bid proposals. The lowest bid in the amount of \$91,920.00 was received from Swallow Construction Corp. The Village Engineer's estimate for the project construction was approximately \$125,000. The bid from Swallow Construction Corp. was responsive and meets the project specifications. This project was budgeted in the 2015 Calendar Year for \$125,000 in the Stormwater Management Cost Center – General Fund. Consulting construction engineering services will be utilized to assist in overseeing the work by the approved contractor. This storm water management project will install storm sewer pipes and storm sewer structures to capture the storm water runoff that is negatively impacting the roadway structure and sidewalk in the respective areas. Additionally, storm sewer stubs will be

installed should residents elect to connect existing underdrain pipes and sump pump discharge pipes along the south side of Autumn Drive. That work would be done at the resident's cost.

Staff contacted both Elk Grove Village and RJN Consultants who responded that they worked with Swallow Construction and have been satisfied with their work. Although the Village has not contracted with Swallow Construction, various staff members have had direct experience working with Swallow Construction and have been satisfied with their work.

Therefore, Public Works is recommending the Village Board award Bid 2015-09, Roadway Storm Sewer Improvements on Autumn Drive and Woodridge Drive, to Swallow Construction Corp. in the amount of \$91,920.00.
